

IMPLEMENTING THE CBCS CORPORATE GOVERNANCE GUIDANCE PAPER

GUIDANCE PAPER

Two-day deep-dive course for board members, supervisory directors and governance professionals in the financial sector

This two-day program provides a practical and in-depth introduction to the structure, principles and best practice provisions of the CBCS Corporate Governance Guidance Paper.

The course focuses on the role of the management board, supervisory board, supervisory board committees and key control functions in strengthening governance, risk management, compliance, integrity and accountability. Through practical examples, dilemma-based discussions and case exercises, participants will explore how the Guidance Paper can be applied within their own regulated entity.

FOR WHOM?

- members of management boards and executive directors
- members of supervisory boards and non-executive directors
- compliance officers, risk managers, internal auditors and legal counsel
- governance professionals, senior advisors and professionals working in the financial sector
